

TRANSLATIONAL MEDICINE RESEARCH ROUNDS

FEBRUARY 7TH, 9:30 AM – 10:30 AM

9:30 **Opening remarks**

Dr. Anne Steino
Senior Manager, Operations
Academy of Translational Medicine

Patenting and Licensing at UBC

9:32

- What is the point of patenting?
- In what circumstances does UBC file patents?
- What are the criteria for obtaining a patent?
- How does the patenting process work at UBC?

These are some of the questions you need to ask when creating a patenting strategy for your new invention. Dr. J.P. Heale will take you through some of the paths to developing a patenting strategy and how the UILO can support you along the way.

Dr. John-Paul Heale
Managing Director
University-Industry Liaison Office | VPRI

Research Translation - from Discovery to Commercialization

9:55

Dr. Mads Daugaard will talk about research translation from discovery to commercialization and share his personal experience with operations in the intersection of academic and corporate research programs.

Dr. Mads Daugaard
Head of Molecular Pathology & Cell
Imaging Laboratory | Senior Research
Scientist | Associate Professor

10:15
