RE: Opportunity to participate in a study examining post-secondary online teaching efficacy

**Are you a current post-secondary instructor (university or college)? Do you have experience teaching online in the past 3 years? If so, we want to hear from you!**

We are recruiting post-secondary instructors for a research project titled, *Exploring Online Teaching Efficacy and Instructional Practices in the Post-secondary Context*. We want to hear about your experiences with online/hybrid teaching, and how you feel about your abilities teaching in this format. We also hope to learn more about instructional strategies that you have been using when teaching online.

Participation involves completing a secure and anonymous questionnaire, which will take about 15-20 minutes to complete.

Upon survey completion, you will be entered into a draw to win a \$150 gift card for Chapters/Indigo!

**If you are interested in participating, you can access the information and consent letter and questionnaire here:**
